

BL-ZW2

Product Code: BL-ZW2

Short Description

Polarized Backlight

Description

Equipped with an adjustable and also a removable polarizer, BL-ZW2 backlight offers parallel to cross-polarization and can transmit plain light by removing the polarizer. BL-ZW2 is designed to image birefringent properties for distinguishing anisotropic from isotropic materials, detecting defects, or examining internal stresses, making it suitable for industry, petrography, and biology applications.
